

Input grades faster than ever with **GradeSpeed* Gradebook Integration**

Schoolnet GradeSpeed Gradebook Integration

Schoolnet has created a seamless integration between the Schoolnet GradeSpeed Gradebook and My Schoolnet. This deepening of the delivery of assessment data from Schoolnet to a teacher's Gradespeed Gradebook saves valuable time and allows educators to see the "whole picture" at a glance right from their Gradebook.

Access to the GradeSpeed Gradebook from My Schoolnet, and expanded integration for attendance, grades, and assessments

Real-time grade book information and navigation options from teacher's My Schoolnet

Improved ability for teachers to automatically include classroom and benchmark assessment results in the Gradebook

Convenient and seamless points of access between the IMS and the Gradebook
